

The Edge

The Edge bets groups.

For example:

Clicking the "B 8" button bets numbers (0,1,2,3,4,5,6,7,8)

Click the the "B 4" button bets numbers (0,1,2,3,4)

Statistics - Spots 9:

Losses in a row Count

The Edge keeps track of the losses in a row.

In the above chart, we played "B 8" (0-8), but number 9 came up, so that group missed 1 time.

Low / High Trigger

If you want to play a group in a certain range of misses, then you can set the low/high and it will alert when the misses are within range.

In the chart above, "B 4" low/high triggers are set to 1-5.
The losses in a row count is 1 and in range, so the low/high triggers highlight in yellow.

Bet Button

The bet button will place a bet for all numbers in the group.
For example, if you click "B 10", then a bet would be placed on (0-10).

With this system, 0 is always played.

Information Button

This shows how many spins it takes to hit for the group size.
Clicking "B 10" shows stats for a group size of 10, even though we sneak a bet on 0 to make the group size 11.
