

The Edge How-To

The Edge analyzes the number history to identify groups of numbers that haven't appeared. It then predicts when these numbers are likely to hit based on how far back the analysis goes, drawing on data from over 100 million spins.

Spin & Percent Filters

Set a minimum spin and/or percent in order for the row to display

The screenshot shows the 'The Edge' application interface. At the top, there's a navigation bar with 'The Edge', 'How to', 'Spin & Percent Filter' (highlighted), 'Group Size Filter', and three checkboxes: 'Show Alert', 'Toggle', and 'Spin Filter' (checked). Below this is the 'Spin & Percent Filters' section. It contains a text input field with the placeholder 'Enter values like 1,2,3,4,5', and two buttons: 'Populate Spin' and 'Populate Percent'. A large green 'Save Settings' button is below these. Underneath, there are two rows of settings: 'Group Size 34: 1 Spin Limit 90 Percent' and 'Group Size 35: 1 Spin Limit 90 Percent'. A table below shows a row with columns: Button (35), LookBack (3), Data (1 | 2557538), Percent (97.32), and Max (5). To the right of the table is the text 'E - R - H - D2 - R1' and a list of numbers '0, 1, 2, 4, 5, 6, 7, 9, 10, 11, 12, 13, 14, 15,'. A 'Close' button is to the left of the table. A red arrow points from the 'Spin Filter' checkbox to the text 'Toggle the filter on and off'. Another red arrow points from the 'LookBack' value '3' to the text 'Click the lookback number to open the predicted spin list.' A third red arrow points from the 'Percent' value '97.32' to the text 'The row will appear when the spin or percent are above the limits set in the "Spin & Percent Filters"'.

Spin & Percent Filters

A row will display with the spin or percent are above the limits set here.

Enter values like 1,2,3,4,5

Group Size 34: Spin Limit Percent

Group Size 35: Spin Limit Percent

Button	LookBack	Data	Percent	Max
<input type="button" value="35"/>	<input type="text" value="3"/>	<input type="text" value="1"/> <input type="text" value="2557538"/>	<input type="text" value="97.32"/>	<input type="text" value="5"/>

E - R - H - D2 - R1
0, 1, 2, 4, 5, 6, 7, 9, 10, 11, 12, 13, 14, 15,

1: 2557538 - 97.32%
2: 68591 - 99.93%
3: 1883 - 100.00%
4: 61 - 100.00%
5: 1 - 100.00%

Toggle the filter on and off

Click the lookback number to open the predicted spin list.

The row will appear when the spin or percent are above the limits set in the "Spin & Percent Filters"

Group Size Filters

Remove or include rows based on the amount of numbers in the group.

The Edge [How to](#) [Spin & Percent Filter](#) [Group Size Filter](#) ☐ Show Alert ☐ Toggle ☐ Spin Filter ☐ Percent Filter ☒ Group Size Filter

Group Size Filter

Uncheck to remove rows of group size.
Group size is the amount of numbers that a row has.
This number is displayed on the button at the start of the row.

[Toggle all](#) [Save Settings](#)

Group Size 34: ☒ When Group Size is uncheck, rows with that size will not display.
Group Size 35: ☒ There are 35 numbers in this group.
